

# BREAKFAST MENU

The Crystal Mountain culinary team has partnered with local farmers, wineries, breweries, and businesses to provide our customers with the freshest, most flavorful produce as well as other great Michigan products. We believe it's important to support small, local economies as well as promote the environmental benefits of reduced food transportation miles. We use whole fresh Michigan eggs, as well as Michigan seasonal fruits and vegetables. Ask your server for a list of the products we're currently using.
