

Trailside

This 2nd Trailside neighborhood is tucked into the forests that line the #8 fairway of Crystal's championship Mountain Ridge course. Upon arrival, you're welcomed by a grassy meadow, beyond which are private, wooded home sites featuring stunning views of the golf course.

The year round appeal of this site is enhanced by its proximity to a network of hiking/biking & cross-county ski trails, as well as the presence of varied vegetation including sugar maples, red & white pine, hazelnut, and wild cherry trees.
